DETAILED ACTION

The request for corrected notice of allowability of May 19, 2003 had been considered and entered. Examiner apologizes for the typo error of form pto-37-Notice of Allowability on April 8, 2003. The responsive to amendment on 8/5/02 should have been responsive to amendment on "1/21/03". Upon a closer examination, Examiner originally submitted the allowable subject matter of amendment 1/21/03 but made the type error of entering 8/5/02 instead of 1/21/03 on form pto-37-Notice of Allowability. Thus, the allowable subject matter is still the same as stated on 4/8/03.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The present invention relates in general to color conversion that combines a look-up table and interpolation. The closest prior art, Kasson et al. (US Patent No. 5,390,035) and Komaki (US Patent No. 5,883,821) teach a similar system, which also deals with color conversion in relation to interpolation operation. However, Kasson and Komaki fail to teach calculating the processed image data, which corresponds to the input image data, by interpolation using the obtained output data and the obtained weight values, wherein the interpolation is executed by a floating point computation and normalizing the process of calculating and obtaining the weight values and the interpolation by a sufficiently large value. Furthermore, Kasson and Komaki fail to teach data for generating a weight table to store weight values corresponding to the plural components based on the set grid positions, wherein the weight values are calculated by an integer

computation, and the weight table is used for obtaining the weight values corresponding to the plural components of input image data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Inquiries

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thu-Thao Havan whose telephone number is (703) 308-7062. The examiner can normally be reached on Monday to Thursday from 9:00-5:00.
